RBI increases remuneration cap for non-executive directors by 50%

**FE BUREAU** Mumbai, February 9

**THE RESERVE BANK** of India (RBI) has decided to revise the remuneration ceiling for non-executive directors of some categories of banks to ₹30 lakh per annum from ₹20 lakh earlier.

The revised cap will take effect immediately. In addition to private banks, the norms are also applicable to small finance banks, payment banks, and wholly owned subsidiaries of foreign banks.

In a notification on Friday, the RBI said the revision has been made in consideration of the crucial role of non-executive direc-

THE ISSUE PRICE of the next tranche of sovereign gold bond, opening for subscription for five days from Monday, has been fixed at ₹6,263 per gram, the Reserve Bank said in a statement on Friday. The Sovereign Gold Bond Scheme 2023-24 - Series IV will be open for subscription during February 12–16, 2024. "The nominal value of the bond ... works out to ₹6,263 per gram of gold," the central bank said.

# Uncharacteristic of NBFCs to seek bank licences, says RBI DG

**FE BUREAU** Mumbai, February 9

RESERVE BANK OF India (RBI) deputy governor Rajeshwar Rao on Friday said it is "uncharacteristic" of non-bank lenders (NBFCs) to seek bank licences, given the regulatory advantages they enjoy. Regulations for even top-tier NBFCs are not at par with universal banks, he said.

"NBFCs have evolved as niche companies serving specific economic functions, and it is uncharacteristic of them to demand becoming like a bank," Rao said at an event, organised by the Confederation of Indian Industry.

Rao told NBFCs to be mindful of their underwriting practices and risks emerging from lending concentrated in one segment. "While the ease and convenience for a borrower is very important, this should not come at the cost of underwriting standards. NBFCs must focus on maintaining the quality of their loan portfolio."

The regulatory advantages that

Reserve Bank of India deputy governor Rajeshwar Rao asked NBFCs to be mindful of their underwriting practices

NBFCs enjoy include easier or no entry and exit barrier, lower initial capital requirement of ₹10 crore versus ₹1,000 crore for a universal bank and no restrictions on the operations front while a bank has to get branch authorisations. "What I would like to emphasize is that the

regulations for NBFCs, especially in the upper layer, are much more calibrated, but are not certainly at par with the regulations applicable to banks," Rao said.

Bajaj Finserv managing director and chief executive officer Sanjiv Bajaj recently raised the issue of banking licences to NBFCs. Bajaj had said bank licences can be considered for NBFCs that have met compliance requirements, and proved themselves for 10 years.

The RBI is very clear in not allowing more NBFCs to accept deposits, and not a single new licence has been issued in recent years, Rao said. The number of deposit-accepting NBFCs has fallen to 26 from over 200.

The deputy governor also pulled up microfinance companies for charging disproportionately high interest rates. "We are not oblivious to the misuse of the freedom provided to the microfinance sector and irresponsible practices of some of the entities do put pressure to act against them," the deputy governor said.

## Stock trading value surges to new high vs Hong Kong

**ALEX GABRIEL SIMON** February9

**INDIA'S STOCK TRADING** value has surged to a record high versus that of Hong Kong, in yet another sign of shifting investor sentiment in Asia. The average daily trading of stocks on India's two largest exchanges combined stood at nearly \$12 billion in 100 days through February 8, compared with \$8.5 billion in Hong Kong, data compiled by Bloomberg show. While India overtook Hong Kong in September, the gap has been widening since then, touching a fresh high on Thursday.

The deviation underscores shifting dynamics in Asia as investors
